

The day will come

Mark Peterson

1. Full of hope, full of joy
At the expectation of meeting him;
All our doubts, all our fears
Will evaporate when we see his face
And I know the Lord knows me.

Chorus:

*And the day will come and the night will flee
And the earth and sky erupt beautifully
And the one who lives in eternity
Will appear in light to deliver me.*

I long to see him look at me
For I know his love for me is real.

2. Like a thief in the night
He will come again at an hour unknown;
Be prepared, be awake,
For the warning signs have all been fulfilled;
And I know the Lord knows me.

*And the day will come and the night will flee
And the earth and sky erupt beautifully
And the one who lives in eternity
Will appear in light to deliver me
Repeat*

I long to see him look at me
For I know his love for me is real.
Chorus
