

O Lord come back again

Mark Peterson

You gave a blind man eyes that see again
You raised a young girl from her death
You healed the sicknesses of all who trusted
You offered hope to those in need.

You gave out food to hungry thousands
You hushed a storm to drive out fear
You gave abundantly to those who sought you
You brought such joy and hope and peace

Chorus:

*O Lord come back again,
Come quickly heal again,
Your world is burdened with pain.*

*Make all things new again,
We'll be rejoicing then,
Our peace will never fade.*

Your words brought hope of restoration
Your stories showed the Father's love
Your sacrifice revealed a glorious new hope
Your resurrection like the dawn.

Chorus

Bridge:

Life to our bodies that can never weaken
Joy that will never see a stain
Peace that cannot give way to fearful thinking
Love that endures and never fails

Chorus
