

2. I Thank God

Chorus

I thank God when I remember that we're
Sharing in the Gospel,
Rejoice 'cause we've been partners from the start.
And I know that he will finish
The good work he's started in us
Complete it on the day of Jesus Christ

It's right to feel this way about each other
It's right to hold each other in our hearts.
For whether we're in chains for the Gospel
Or whether we are free to hold it out

(to Chorus)

The grace of God all of you
share with me, share with me

The grace of the Father in heaven
You share with me, share with me!

I thank God, I thank God.
